What a Difference a Drug makes…?
MOR-NRI: A Novel Concept of Understanding and Managing Severe Chronic Pain

Tuesday August 28th
18:30 - 20:00
MiCo (Milano Congressi)
Auditorium (Level 3)
What a Difference a Drug makes…?
MOR-NRI: A Novel Concept of Understanding and Managing Severe Chronic Pain

Chair:
Prof. Ralf Baron
(Christian-Albrechts-University Kiel, Germany)
Prof. Pier Luigi Canonico
(University of Piemonte Orientale A. Avogadro Novara, Italy)

Program:
Evaluating Key Pharmacological Properties of an Analgesic for the Management of Severe Chronic Pain – The Role of Noradrenaline Reuptake Inhibition
Prof. Anthony Dickenson
(University College London, United Kingdom)

Translating the MOR-NRI Concept into Clinical Evidence:
Clinical Profile of Tapentadol and its Place in Pain Treatment
Dr. Christopher Wells
(Consultant in Pain Medicine, Liverpool, UK, President Elect, EFIC)

Translating the MOR-NRI Concept into Clinical Practice:
What we know after two Years in the Field
Dr. Manuel Jesús Sanchez del Aguila
(Costa del Sol Hospital Marbella, Spain)

The Challenge of Treating Chronic Low Back Pain – Is there a Progress? – Latest Trial Results and Patient Profiles from Current Tapentadol Experience
Prof. Ralf Baron
(Christian-Albrechts-University Kiel, Germany)
